National research consistently indicates that many students will require some level of LLN support. As

such, we recognise that we have a responsibility to understand each student’s unique LLN needs. Our desire is to identify any LLN needs that students may have as a student and to assist them in reducing the impact this may have on their studies with ICM.

A Unique Student Identifier (USI):

In addition, students, will need to provide RTO with their Unique Student Identifier number. A Unique Student Identifier (USI) is a reference number made up of numbers and letters, unique to each student. This USI allows them to link their previous and future VET qualifications into a single authenticated transcript, through the National Vocational Education and Training Data Collection, and prevents them from losing their record.
